**Navy Medicine Readiness and Training Command Beaufort
Command Operations Report
2022**

**OPNAV Report Symbol 5750-1
Command Serial Number: 031
Date Submitted: 10 FEB 2023**

Classification: UNCLASSIFIED

1. Command Data

Command: Navy Medicine Readiness and Training Command (NMRTC) Beaufort

Unit Identification Code (UIC), per the SNDL: 61337 & 32583

Commanding Officer (CO): Roe, Chad Everette Rank: CAPT, MSC, USN

Date Assumed Command: 2022-06-03

NMRTC Beaufort provides medical services to Marine recruits, active duty service members, retirees, family members and veterans.

Permanent Location: Beaufort, SC

Immediate Superior in Command (ISIC): Naval Medical Forces Atlantic (NMFL)

Operational: Rear Admiral Matthew Case

Administrative: Rear Admiral Matthew Case

Identify your assigned Task Force/Group/Unit name(s) and mission(s). Include OPLAN(s) and or named operations you participated in during Task Force assignment (if applicable): N/A

Name(s) of Forces, Commands, Ships, Squadrons or Units assigned or under your operational control (if applicable):

NMRTC Beaufort (UIC 61337) includes Marine Corps Air Station (MCAS) Beaufort Health Clinic. Navy Medicine Readiness and Training Unit (NMRTU) Parris Island (UIC 32583) is an echelon 5 command under 61337. CAPT Roe is also CO of Naval Support Facility (NSF) Beaufort (UIC 50173) and the NSF Beaufort Security

Type and number of Aircraft Assigned and Tail Codes, if applicable: N/A

Commands, Detachments or Units deployed on board or stationed aboard as tenant activities (as applicable): N/A

Personnel: 684 total active and civilian assigned

UIC 61337:	Active Duty – 206	Civilian – 16	DHA Civilian – 154
UIC 32583:	Active Duty – 271	Civilian – 4	DHA Civilian – 33

Command Point of Contact (required entry, complete in full):

Name (Rank, First Name, Middle Initial, Last Name): LCDR Temitope O. Ayeni

Job Title/Office Code: Director for Administration

E-mail (both classified and unclassified, if available): temitope.o.ayeni.mil@health.mil

Phone number(s): 843-228-5308

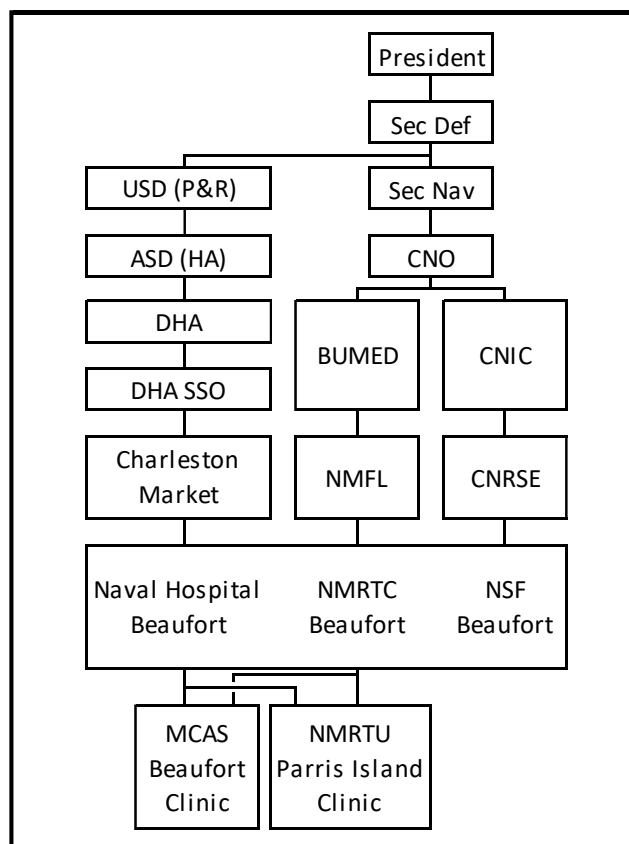

Command Mailing Address: 1 Pinckney Blvd, Beaufort SC 29902

2. Commander's Assessment

Naval Hospital (NH) Beaufort, commissioned on April 29, 1949, is located on the 123-acre Naval Support Facility (NSF) Beaufort in Port Royal, South Carolina. The installation grounds include privatized family housing, Bachelor Enlisted Quarters, a Navy Exchange retail store, and a gas station/mini mart. Recreational facilities include a softball field, swimming pool, racquetball and basketball courts, outdoor fitness course, a gym, fishing pier, and children's playgrounds.

The primary tenant on NSF Beaufort is the hospital. The staff at the hospital are part of one of two Departments. Defense Health Agency (DHA) staff are part of the Department of Defense (DoD) and are assigned to NH Beaufort. Bureau of Medicine and Surgery (BUMED) staff are part of the Department of the Navy (DoN) and are assigned to NMRTC Beaufort.

The CO of NMRTC Beaufort is focused on producing medically ready forces and a ready medical force. He fosters and develops partnerships throughout the DHA Charleston Market. Through these partnerships, the command shared resources for inpatient mental health, outpatient mental health, ophthalmology, and Staff Education and Training. This partnership also supported our knowledge, skills, and abilities for the NMRTC Beaufort team.

The CO is the commander/director of four interrelated organizations. He is the CO of NMRTC Beaufort, which includes subordinate clinics NMRTU Parris Island and the MCAS Beaufort medical/dental clinics. He is also the installation CO of NSF Beaufort. Within the DHA structure, he is the Director of NH Beaufort, as well as the Director of the Charleston Market.

NMRTC Beaufort provided health services for an eligible population of over 31,000 people, to include active duty service members, retiree's, family members and veterans. NMRTC Beaufort and NMRTU Parris Island also provided support to approximately 20,000 (non-enrolled) recruits annually and the Marine Corps mission of "Making Marines" on Marine Corps Recruit Depot (MCRD) Parris Island. NMRTC Beaufort offers a full complement of medical and dental services. Patient needs that exceed the acuity or scope of services provided by NMRTC Beaufort are referred to the local Tricare-approved civilian network for care.

NMRTC Beaufort's two subordinate medical and dental clinics are resident aboard two nearby military installations: MCRD Parris Island and MCAS Beaufort. Command and staff from all three installations (sometimes referred to as the Beaufort Tri-command) liaison continuously with Medical Treatment Facility (MTF) staff in support of far more than the primary mission of medical and dental care. Tri-command leaders for such programs as public affairs, safety, law enforcement, emergency management, public works, antiterrorism, and security management interact regularly to strengthen the resiliency of all concerned. This liaison extends to non-military partner agencies "outside the gate" such as the Beaufort County Sheriff's Office (BCSO) law enforcement team, the BCSO Emergency Management Division, Beaufort County Emergency Medical Services, the Beaufort/Town of Port Royal Fire Department, and our closest civilian hospital, Beaufort Memorial Hospital. The support and assistance of these and other agencies are invaluable to the command during both exercises and real-world emergencies.

NMRTC Beaufort also enjoys an outstanding partnership with the Veterans Affairs (VA) administration, housing a Community Based Outpatient Clinic (CBOC) as a tenant on the fourth floor of the hospital. Together, under the Lowcountry Federal Healthcare Alliance (LFHA), we provide healthcare services to VA and Department of Defense patients where mutually beneficial.

3. Chronology

January

- 7 NMRTU Parris Island conducted an active shooter drill. Clinic personnel focused on the "hide" portion of the run/hide/fight response.

The number of staff members with currently active COVID-19 cases peaked at 31 cases. This was the highest case count since the beginning of COVID-19 case tracking in April of 2020.

- 10 Command Indoctrination (Command Indoc) was presented in the auditorium. Command Indoc was a monthly event for newly arrived personnel (active duty, civilian, and contractor) to receive briefs from a variety of program managers and other subject matter experts

covering need-to-know information and assist them in acclimating to the command. Command Indoc was typically scheduled beginning the first Monday of the month, with some variations for holidays and special events. In the beginning of 2022, the program and lasted three days. In the Fall, the Command Master Chief (CMC) lead an effort to reduce the length down to one day; beginning on 7 November, Command Indoc was presented in only one day.

- 12 The flag was flown at half-staff as a mark of respect in honor of Harry Reid, former Majority Leader of the US Senate. The flag was returned to normal display on 13 January 2022
- 20 NMRTC Beaufort Command Historian attended the unveiling of a memorial marker commemorating the presence of a prisoner of war camp in Beaufort during World War II. The Beaufort County Historical Society hosted the event at a park on Pigeon Point. The ceremony was also attended by the historian from the National Park Service (NPS). Building and maintaining partnerships with non-military history societies and agencies helps keep staff and visitors informed about the significant history of this site and this Command.
- 24 Installation of an audio/video upgrade began in the command Emergency Operations Center (EOC). Overhead speakers and microphones were installed, as well as an A/V control panel to enable routing signals from TV tuners and several EOC computer stations to any or all of the six large display screens in the EOC. Video teleconferencing capability was also improved. The project was complete on Thursday, 27 January 2022.
- 31 Annual antiterrorism exercise Citadel Shield Solid Curtain (CSSC-22) began.

BUMED representative Mr. Brett Wallace arrived at NMRTC Beaufort to conduct an Emergency Preparedness Assist Visit (EPAV). The EPAV included an Emergency Management (EM) program review with guidance and advice from the subject matter expert. EPAV was completed and Mr. Wallace presented an out brief with the CO on 3 February, stating the command had "a strong EM Program with a team of true professionals."

February

- 1 NMRTC/NH Beaufort personnel are integral to the Incident Management Team (IMT) serving in the EOC for both the installation NSF Beaufort, and the primary tenant NMRTC/NH Beaufort. The EOC IMT was activated in response to CSSC-22 full scale exercise scenarios involving active shooter and suspicious package/bomb events. Hospital staff, including Veterans Affairs staff occupying the 4th deck of building 1, exercised shelter in place procedures (an observer from the VA in Charleston was present to evaluate VA staff performance). The barracks (building 148) was evacuated because it was within the stand-off perimeter of the simulated suspicious package. Outside agencies participating in the exercise included the MCAS Beaufort Explosive Ordnance Disposal (EOD) Team and the Beaufort County Sheriff's Office (BCSO). EPAV visitor Mr. Wallace observed the IMT in action, and spoke highly of the IMT and Security personnel during the EPAV out brief with the CO.

- 3 The MCAS Beaufort medical clinic executed an active shooter shelter in place drill.
- 8 Quarterly Threat Working Group (TWG)/Antiterrorism Executive Committee (ATEC).
- 9 Real-world Force Protection Condition (FPCON) Charlie set as part of CSSC-22
- 11 FPCON Bravo set. CSSC-22 exercise ended.
- 16 CO spoke at a Rotary Club meeting in Beaufort, SC.
- 18 A stone tool found under the NSF Beaufort baseball field during power distribution system renovations in approximately 2016 was given to the Command Historian for archiving/preservation on 15 February. Working through Stephen R. Wise, Ph.D., Museum Curator of the MCRD Parris Island Museum, the artifact was identified. Dr. Wise reached out to Albert C. Goodyear III, Ph.D., Lithics Specialist with the South Carolina Institute for Archeology and Anthropology, and Dr. Goodyear identified the artifact as a Bascom point from the late Archaic / early Woodland period (c. 2000 – 1000 B.C.). “Concentrated in South Carolina in the lower Coastal Plain and in Southeast Georgia coastal plains. Some archaeologists call them rocker bottoms (bases)”, he said. On this date, the item was added to the display case in the small history room adjacent to the NMRTC Beaufort quarterdeck.

Bascom Point (c. 2000 – 1000 B.C.)

Area Found on NSF Beaufort

- 28 NPS representatives visited NMRTC Beaufort to gather information in support of a cultural history survey. Historic Preservation Specialist Sean Dunlap, Historian Nathan Betcher, and Reconstruction Era National Historical Park Supervisor Scott Teodorski met with the Command Historian in support of the survey. The grounds upon which NMRTC Beaufort is built are historic in part due to the presence of the remains of the British Fort Frederick (1726-1756) on our Northwestern perimeter, and Camp Saxton (1861-1863), the area once occupied by Federal forces during the Civil War, within the bounds of the installation. On 1 January 1863 at Camp Saxton, the Emancipation Proclamation was read to a crowd of 5000 people. Many formerly enslaved people joined the First South Carolina Infantry, the first black regiment of soldiers in the U.S. Army, which trained at Camp Saxton.

March

- 1 An MHS Genesis Awareness Fair took place in the auditorium. The five-hour event familiarized staff with the new electronic health record system. Several other sessions of this type took place in the ensuing weeks.

Offices for the Public Works Department moved from building 14 to building 15. The move took place from mid to late February and was completed by the planned deadline of 1 March.

- 3 An F-18D from the 2nd Marine Aircraft Wing at MCAS Beaufort crashed on Coosaw Plantation about four miles north of the air station. Both pilots, a male and a female, ejected and walked to nearby civilians for assistance. The female had facial lacerations and was taken to Beaufort Memorial Hospital. The male was treated for minor injuries at the Navy Medical Clinic on MCAS Beaufort and released. No civilians were injured. This event was the third military aircraft crash in Beaufort County in the last fifteen years, with an F35B Lightning II jet crash on Little Barnwell Island in September of 2018 (pilot ejected, no civilians injured), and Blue Angel number six pilot LCDR Kevin Davis died when his F18 crashed during an air show on 21 April 2007. Eight civilians on the ground injured.

E5 to E6 advancement exam.

The Spring all-hands Navy Family Accountability and Assessment System (NFAAS) update began.

- 5 Prospective XO CAPT Lanny Littlejohn toured the hospital.

The National Weather Center issued a tornado warning (indicating a tornado has been sighted or indicated by weather radar; there is imminent danger to life and property). The cell passed just northwest of NSF Beaufort. Command leaders are well aware of the potential for destruction associated with tornados, as a recent (overnight 8/9 July 2021) tornado caused over \$1,000,000.00 in damage to 44 buildings less than one mile outside the southern perimeter of the installation.

- 8 Atlantic Marine Corps Community (AMCC) Services, the private group that, together with the US Marine Corps, manages the 53 housing units aboard the installation, hosted a group of NSF Beaufort Security and NMRTC Beaufort EM personnel in a tour of 118A Caron Circle, an empty residential unit, in support of familiarization and readiness should an emergency occur during which Security must enter an on-base home. There are 53 units in NSF Beaufort housing, 50 of which were built in 1956 with either the floorplan of 118A or a mirror of it (B units were built with the A floorplan flipped).
- 10 CAPT Jeffrey Winfield Baldwin, MSC, USN (Ret), 19th NHB CO, visited with CAPT Raymond Reed Batz, MC, USN, 34th CO. 79-year-old CAPT Baldwin was CO from 1 July, 1986 to 10 July 1989. He said that his Command Master Chief at that time was HMCM William E. Dawkins, after whom the currently operating Bachelor Enlisted Quarters (BEQ) on base (Building 148) was named Dawkins Hall when it was commissioned on 23 August 1996. It was also during CAPT Baldwin's time as CO that the base fishing pier on the bank of the Beaufort River was built.

E5 to E6 enlisted advancement exam

- 11 An automatic transfer switch (ATS) used to route electrical power to the command from either shore power or the emergency generators was repaired this date and on 13 March.
- 16 66 vials of Pfizer vaccine lost due to temperature excursion at NMRTU Parris Island. The alarm failed to sound when the temperature excursion occurred. NMRTU Parris Island picked up 84 vials of Pfizer vaccine from Winn Army Community Hospital on Fort Stewart, GA, on 18 March to continue vaccination operations.

- 17 E4 to E5 enlisted advancement exam.

A DHA civilian job transition presentation took place in the auditorium to brief civilian staff whose positions would soon transfer from BUMED to DHA.

NFAAS Spring all-hands update 100% complete.

- 18 Auxiliary Security Force (ASF) training graduation took place at Security (building 14). Eight personnel from the hospital and subordinate clinics volunteered to receive this basic Security training and augment the installation Naval Security Force throughout the year. Staff graduated were:

HM1 Nieves, Andres
HM2 Council, Jerome
HM3 Stevens, Jemia
HM3 Yan, Jinying

HM1 Siminton, Nathan
HM3 Rose', Aron
HM3 Valdez, Sierra
HN Svoboda, Connor

- 20 Security responded to a report of a drone flying at the south-eastern perimeter of the installation abutting Fort Frederick. As drones have become more popular, they have become a security concern for military installations. After making contact with the drone operator, Security determined there was no cause for alarm in this case.
- 21 The installation and hospital participated in an annual Navy Region Southeast Hurricane Preparedness Event (HPE) through 25 March. The HPE is intended to increase command readiness to participate in the annual Hurricane Exercise Citadel Gale.
- 22 MCAS Beaufort EOD Team participated in an Antiterrorism Training Team (ATTT) exercise in AMCC housing, using their robot and portable x-ray capabilities before destroying an exercise suspicious package.
- 23 The flag was flown at half-staff as a mark of respect for former Secretary of State Madeline Albright and her service to our nation. The flag was returned to normal display on 27 March 2022.

- 24 E4 to E5 enlisted advancement exam

25 Dress White uniform inspection on Pinckney Blvd in front of NMRTC/NH Beaufort.

29 The Command Personnel Decontamination Team (PDT) participated in First Receiver Operations Training (FROT) through 31 March 2022. Contractor DECON, LLC instructor Ms. Maria Danielson presented the FROT for 31 Sailors. Her enthusiasm and the strong leadership from PDT Officer LTJG Brittany Hurst and PDT Chief HMC(SW) Eirol Garcia kept students motivated and engaged throughout. Below is a photo of the PDT at the completion of the final practical application exercise. Personnel pictured below include:

LTJG Hurst, Brittany
HM2 Avogardo, Megan
HM2 Council, Jerome
HM2 Harris, Paul
HM2 Sumlin, Steve
HM3 Kharisma, Carla
HN Brannan, Brendelyn
HN Householder, Shayne
HN McKee, Alexandra
HN Simonton, Nathan
HN White, Jasmine

HMC Garcia, Eirol
MA2 Becknel, Zachary
HM2 Djinguimavia, Bruno
HM2 King, Matthew
HM3 Alonzo, Tyler
HM3 Li, Yucan
HN Coloyan, Delorisce
HN Koch, Sierra
HN Ochs, David
HN Totten, Remington

RP1 Schoulte, Brant
HM2 Bienick, Nina
HM2 Dauphin, D'elisha
HM2 Reddoch, Nicholas
HM3 Anderson, Jaquan
HM3 Tarrant, Andrew
HN Duncan, Desiree
HN Lyles, Carlson
HN Owens, Raymond
HN Vlad, Theodore

NMRTC Beaufort Personnel Decontamination Team – 29 March 2022
In uniform are HMCN Frank Garza, CMC (L) and CAPT Ray Batz, CO (R).

April

- 1 Start of Hot Weather Recruit Training Standard Operating Procedures (HotSOP) at MCRD Parris Island. This marked the beginning of the hottest months of the year (April through September). It also began the annual increase in the number of recruits reporting to MCRD Parris Island for training and the attendant increase in recruit company size. Both the heat and the increased number of recruits place demands on operations and personnel at NMRTU Parris Island.

The command sponsored a 5k run in support of Sexual Assault Prevention and Response (SAPR) program awareness month.

129th Chief Petty Officer (CPO) birthday. A list of the CPOs assigned to the Command in 2022, including those who departed or arrived in 2022, is included in paragraph 4.

- 13 Tropical cyclone condition of readiness (COR) 5 set in preparation for HurrEx Citadel Gale. This condition remained the readiness baseline throughout the 2022 hurricane season.
- 15 NSF Beaufort Security moved from building 12 to building 14.

Public Affairs Officer (PAO) Mr. Trey Savitz's last day on the job. Spouse LCDR Julia Savitz had orders to PCS to Japan. HM3 Brandon L. Mercede assumed duties as interim PAO.

- 18 HurrEx Citadel Gale began. COR 4 set in support of the exercise.

- 19 Incident Management Team (IMT) met in the EOC for a Fleet Weather Center Norfolk (FWC-N) heavy weather brief (HWB) and a conference call with the Commander, Navy Region Southeast (CNRSE) Admiral in support of HurrEx Citadel Gale.
- 22 The Command celebrated the Navy Birthday with an outdoor event that included music by Mike Ponder and the Steel Rail Express. Mike Ponder retired from the Navy as a Corpsman First Class in 2006 while assigned to NHB.
- 28 CNRSE change of command. Rear Admiral Wesley R. McCall assumed command as the 42nd commander of Navy Region Southeast, relieving retiring Rear Admiral Gary Mayes. The CO of NMRTC/NH Beaufort is also the CO of NSF Beaufort, and CNRSE is the immediate superior in command for the installation.

Local community leaders gathered on the quarterdeck to celebrate the 73rd anniversary week of NHB commissioning.

- 29 HMCM (FMF/SW/AW/CAC/IW) Frank D. Garza, CMC, departed the command. Next assignment: CMC of NMRTC Rota, Spain.

HMCS Sajata Taylor began serving as Command Senior Chief

Last day of HurrEx Citadel Gale 2022.

73rd anniversary of NHB commissioning.

May

- 1 The first group of Navy Reservists report to NMRTU Parris Island in support of the increased operations tempo associated with HotSOP.
- 7 The ASF was activated in support of exercise CSSC-22.
- 13 XO CAPT Victor M. Diaz, NC, USN, last day at the command. Next assignment: CO of Naval Health Clinic Hawaii. CAPT Michael Termini, MC, USN, became acting XO.

Nurse Corps 114th birthday. NMRTC Beaufort nurses celebrated Nurse's Week 9-13 May.

NMRTC Beaufort 2022 Dining Out.

- 23 Summer Safety Stand Down was held in the auditorium on this date, and again on the 24th and 25th to brief staff on the hazards associated with summer activities and hot weather.
- 24 The flag was flown at half-staff as a mark of respect for the victims of the senseless act of violence perpetrated by a gunman at Robb Elementary School in Uvalde, Texas. The flag was returned to normal display on 28 May 2022.

30 Memorial Day. The flag was flown at half-staff until noon, then raised to the top of the staff.

Memorial Day parade in the city of Beaufort. The CO and other NMRTC/NH Beaufort personnel participated in the parade.

June

3 CAPT Chad Everett Roe, MSC, USN relieved CAPT Raymond Reed Batz, MC, USN as CO of NMRTC Beaufort and NSF Beaufort, and as Director of NH Beaufort and the Charleston Market. CAPT Roe is the 35th CO of the hospital. Next assignment for CAPT Batz is as the Deputy Medical Officer of the Marine Corps.

Surgeon General RADM Bruce L. Gillingham, MC, USN and CNRSE RADM Wesley R. McCall both attended the change of command.

RADM Gillingham and Force Master Chief Michael J. Roberts visited NMRTU Parris Island.

10 Brigadier General (BGen) Walker M. Field assumed his duties as the Commanding General (CG) of MCRD Parris Island and the Eastern Recruiting Region, relieving BGen Julie L. Nethercot. MCRD Parris Island is the host installation for NMRTU Parris Island.

16 DFA LCDR Shawn M. Morris departed the command with orders to become the Officer in Charge of Naval Air Station Joint Reserve Base Fort Worth Naval Health Clinic.

21 CAPT Lanny F. Littlejohn, MC, USN checked in as XO.

NMRTC/NH/NSF Beaufort staff gathered at the site of the former Camp Saxton on the south end of the installation to celebrate Juneteenth. The site is where the Emancipation Proclamation was read on 1 January 1863. National Park Service Ranger Richard Condon did a phenomenal job presenting the history of the site.

124th Hospital Corps birthday celebration

22 NMFL change of command. RADM Matthew Case, MSC, USN relieved RADM Darin K. Via, MC, USN. NMFL is the ISIC for NMRTC Beaufort.

26 A USCG MH-58 Dolphin helicopter practiced touch and go landings at NHB LZ in preparation for a busy Independence Day weekend on the Beaufort River.

28 Active shooter and suspicious package drills in AMCC housing at 142D Harris Rd.

29 Blue IMT activated in the EOC to train and practice EOC operations in response to an exercise active shooter and an exercise suspicious package.

July

- 1 Frocking ceremony at Parris Island medical.
- 5 The flag was flown at half-staff as a mark of respect for the victims of the senseless acts of violence perpetrated on our Independence Day in Highland Park, IL. The flag was to have returned to normal display on 9 July 2022, but honoring the memory of the former Prime Minister of Japan caused normal display to resume on 10 July 2022.
- 6 The flag continued to be flown at half-mast to honor the memory of General Richard I. Neal, USMC, 26th Assistant Commandant of the Marine Corps.
- 8 The flag was flown at half-staff as a mark of respect for the memory of Abe Shinzo, Former Prime Minister of Japan. Normal display was resumed 10 July 2022.
- 15 BGen Field, CG of MCRD Parris Island and the Eastern Recruiting Region toured medical spaces at NH/NMRTC Beaufort and NMRTU Parris Island.
- 18 A mass notification message was sent to all hands alerting them that Security drills will take place 18 through 22 July in support of a Regional Assessment from CNRSE.
- 21 Active shooter and suspicious package drills in AMCC housing 142D Harris Rd.
- 26 LCDR Temitope O. Ayeni, MSC, USN checked in to the command as Director for Administration.
- 29 DFA LCDR Ayeni official first day.

August

- 3 The flag was flown at half-staff as a mark of respect in honor of and in tribute to the memory of US Representative Jacqueline Walorski. Normal display was resumed on 5 August.

Transition of Navy Medicine email addresses from @mail.mil to @health.mil began in the evening.
- 5 Defense Equal Opportunity Management Institute Organization Climate Survey (DEOCS) began, scheduled to continue through 2 September. A DEOC is required within 90 days when a new CO assumes command.
- 7 HMCS Sajata Taylor completed serving as Command Senior Chief
- 8 HMCM(SS/FMF) Joseph David (Dave) Matthews checked in as Command Master Chief.
- 9 Last day at the command for interim PAO HM3 Brandon L. Mercede. His photography and his skill with producing and editing video were instrumental in capturing the people and events that made history daily at NH/NMRTC/NSF Beaufort.

- 11 Recognizing that, like a ship, the main hospital (building 1) requires dedicated personnel to operate it and care for it, and that the building seems almost to have its own personality, the DFA named NHB the USS Betsy. It caught on and other personnel began using the name.
- 15 The Chaplain's office moved from the basement to the 2nd deck starboard forward wing (room 2E304) for greater ease of visitor access. Interestingly, the as-built drawings of the hospital when it opened in 1949 show that the original Chaplain's office was only three rooms north of 2E304, in what is now Behavioral Health. The tale of when and why the office first moved to the basement is unknown.
- 30 Naval Security Force personnel and the ATTT executed unmanned aerial system and barricaded suspect drills.

September

- 1 HotSOP ended. The last group of Navy Reservists supporting NMRTU Parris Island detached. 65 Reservists provided support between May and September 2022.
- 6 Two NMRTC Beaufort personnel were selected for advancement to Chief Petty Officer (CPO): HM1 Ben Mogusu and NC1 Jesse Lind. Two Navy personnel from Marine Air Group 31 were also selected: HM1 Jessica Smith and RP1 Kevin Richards. The four selectees worked together to complete the process of transitioning to CPO.

This date marks two and a half years that the Command has been tracking COVID-19 cases in our staff.

- 8 The flag is flown at half-mast as a mark of respect for the memory of Queen Elizabeth II. Normal display was resumed on 19 September 2022.

Navy Wide Advancement Exam E4's testing for E5.

- 9 ASF training graduation took place in the auditorium. Staff graduating were:

HN Brown, Worth	HM3 Coloyan, Delorise
HM2 Gallagher, Patrick	HM2 Russek, Marysia

- 15 Decontamination Team completed First Receiver Operator Training (FROT). This was the last FROT planned for NMRTC Beaufort, as BUMED discontinued the program in CONUS Naval Hospitals that do not have an emergency room.
- 16 The Command maintains an Alcohol Related Incident (ARI) counter to record the number of days in a row our staff has had no ARIs. This date, the command is at 334 days and counting, and the CO issued one day of special liberty to E5 and below staff in appreciation for a job well done.

21 A hazardous material spill tabletop exercise was conducted in the EOC.

23 MHS Genesis Go Live.

CNRSE hosts HWB regarding Invest 98L (later Hurricane Ian).

24 Microbiology services in the Laboratory were transitioned to LabCorp reference lab.

26 BUMED IG arrives; scheduled to depart on Friday, 30 September.

Navy Manpower study begins.

MHS Genesis rollout and go live.

HWB with CNRSE and FWC-N regarding the forecast track and intensity of Hurricane Ian.

27 HWB with CNRSE and FWC-N regarding Hurricane Ian. Set Tropical Cyclone Condition of Readiness (COR) 4.

28 HWB with CNRSE and FWC-N regarding Hurricane Ian. Set COR 3.

Med IG team departed early due to forecast impacts of Hurricane Ian.

29 HWB with CNRSE and FWC-N regarding Hurricane Ian. Set CORs 2 and 1. Hospital staff was reduced to mission essential personnel only at noon this day (Thursday), and hospital operations were reduced to weekend tempo. Normal operations and staffing resumed on Monday, 3 October 2022.

30 Hurricane Ian passed its closest point of approach (CPA) in the early afternoon. Distance was approximately 76 nautical miles. No injuries to command or staff and no damage to property noted.

October

1 HWB with CNRSE and FWC-N regarding Hurricane Ian. Set post-storm COR 5. No injuries to command staff, nor damage to the facility and installation.

5 Several high schools in South Carolina received telephone calls indicating an active shooter was at the schools, causing lockdowns and evacuations. Local high schools in Beaufort were affected. This event impacted the command in that staff who had high school age children were understandably concerned; many departed the command to meet their children at reunification locations. There was not an active shooter at any of the SC schools; later, other states experienced the same rash of hoax phone calls.

6 Several local schools again experienced hoax active shooter reports. Staff impacted as before. No actual threat was found.

- 7 The flag was flown at half-staff in honor of former Commander, US Central Command Marine General Joseph P. Hoar.

A team of stellar Sailors from multiple organizations, associations, and departments executed a base-wide beautification project. Command and staff expressed appreciation for their efforts and the results.

- 9 The flag was flown at half-staff in honor of the National Fallen Firefighters Memorial Service.
- 10 Date approximate. Representatives from the Town of Port Royal and the SC Department of Transportation visited the command to talk about widening the sidewalk just outside the western fence line from the ECP to the northern end of NSF Beaufort property.
- 11 The CO held two sessions of CO's call in the command auditorium. This were opportunities for staff to hear updates from the CO, ask questions, or voice concerns.
- 12 CO's call at MCAS Beaufort Clinic to provide an opportunity for staff there to hear updates from the CO, ask questions, or voice concerns.
- 13 United States Navy 247th Birthday. On October 13, 1775, the Continental Congress established a naval force, hoping that a small fleet of privateers could attack British commerce and offset British sea power. Today, with surface ships, aircraft, submarines, and shore stations operating worldwide, the U.S. Navy is a force to be reckoned with. "A good Navy is not a provocation to war. It is the surest guaranty of peace." - Theodore Roosevelt
- 15 Mr. Jerold Anthony White, Sr. passed away at his home. He was an Army veteran who had been employed at NHB since 2002. He was born on the west end of the fifth deck of NHB 17 December 1974.
- 18 Shot Ex provided seasonal flu inoculations in the NHB auditorium.
- 19 The NMRTC Beaufort Quality Management Department facilitated Champion Training for command senior leaders in support of Improvement Science Strategic, Operational, and Tactical project execution.
- 21 Four CPO Selectees were pinned to CPO during a ceremony in the NHB auditorium. Selectees are listed in the 6 September entry.
- 22 This date was a Saturday. A water holding tank ruptured at the MCAS Beaufort clinic, causing water damage to the facility and the loss of some stored vaccine. Normal operations were restored on Monday, 24 October.

- 25 The flag was flown at half-staff in honor and a tribute to the memory of former Secretary of Defense Ashton Carter. Following the completion of a private family memorial service, the flag was returned to normal display on 8 November 2022.

Naval Security Force ATTT executed a suspicious package and unmanned aerial system drill.

- 26 NH/NMRTC Beaufort celebrates National Day of the Deployed. We remembered our staff who are on deployment: CDR Jonathan Rebutillo, CS1(SW/AW) Crystal Kelly, CS1(SW) Joanna Harrod, and PS1 (SW/AW) Andrew Baldoni.

Annual influenza shot-ex began. Several vaccination evolutions took place in the NHB auditorium, at MCRD Parris Island, and at MCAS Beaufort. The Directorate of Public Health staff and volunteers from several other Directorates supported the events. These efforts and follow-ups with staff resulted in over 90% of staff being vaccinated.

- 27 Funeral for Jerold A. White, Sr. at Beaufort National Cemetery at 1100. Dozens of NH/NMRTC/NSF Beaufort current and former staff attended to pay their final respects.
- 28 The Honorable Stephen D. Murray III, Mayor of Beaufort, visited the command. He met with CO CAPT Chad Roe and Director of Security Mr. Jeff Houston in the CO's office, then got a tour of the EOC from Installation Emergency Manager Mr. David Goodson.

Trunk or Treat Halloween event provided a safe venue aboard NSF Beaufort for children to trick-or-treat.

November

- 3 Informal remembrance of Mr. Jerold White held in the auditorium.
- 6 Military staff shifted to winter uniforms.
- 8 HWB with CNRSE and FWC-N re Tropical Storm Nicole. Set COR 4.
- 9 Beaufort city officials cancelled the 11 November Veterans Day parade due to the forecast impacts of TS Nicole.

HWB with CNRSE and FWC-N re Tropical Storm Nicole. Held at COR 4.

HM3 Santana Parchment was given an Outstanding Service Member award by the Beaufort Rotary Club

- 10 NSF Beaufort Security graduated four personnel from ASF training.

HN Brown, Worth
HM2 Gallagher, Patrick

HM3 Coloyan, Delorise
HM2 Russek, Marysia

HWB with CNRSE and FWC-N re Tropical Storm Nicole. Held at COR 4.

Thursday. NHB closed early due to expected effects from Tropical Storm Nicole. Friday was a day off due to Veteran's Day. Reopened on Monday,

- 11 TS Nicole passed CPA mid-day. No injuries to staff and no damage to USN facilities. Anytime the forecast track of a storm places the installation at risk, Command staff stays informed and makes appropriate preparations for heavy weather. Even when a storm ends up having no impact on the installation, the CO and the IMT carry out tracking and readiness actions in the days before storm passage.
- 15 NSF Security ATTT executed a barricaded suspect and person-borne IED drill in building 14 (the Security building).

Command dress blues inspection.
- 16 NHB Command Historian attends National Park Service Microsoft Teams meeting regarding long range management strategies for the Reconstruction Era National Historical Park. The meeting was part of the NPS process for developing a General Management Plan for the park, including the Camp Saxton area aboard this installation that currently belongs to the US Navy.
- 21 Command leaders participate in a quarterly Threat Working Group with NCIS Supervisory Special Agent Pete Lawson.
- 30 Last day of the 2022 hurricane season. NMRTC/NH/NSF Beaufort experienced two storms in 2022: Hurricane Ian (27 September to 1 October) and Hurricane Nicole (8-10 November).

December

- 2 CNRSE issued the order to relax from seasonal COR 5.

Command Christmas Party at Operation Patriots FOB, Legacy Oaks Preserve, Ridgeland, SC.

Commander Navy Region Southeast directed NSF Beaufort to relax from seasonal hurricane COR 5.

HM2 Eaton was selected as Command Sailor of the Year

- 6 CMC went on leave at COB. HMC Elder acting SEL through 1700 on Sunday, 11 December 2022.

7 The flag was flown at half-staff per Presidential order on the 81st anniversary of the attack on Pearl Harbor. NHB staff observed a moment of silence in honor of the individuals who died as a result of their service at Pearl Harbor that infamous day.

9 Sailors from NMRTC/NH Beaufort participated in a solemn ceremony at the Beaufort National Cemetery honoring nine veterans who did not have loved ones to see them laid to rest. Navy Chaplain LT Twig D. Sargent (right) spoke at the services. The nine veterans honored, all from Beaufort and Charleston Counties, served between 1965 and 1984. Their names are listed below:

SSGT. Kenneth Hopkins - U.S. Marine Corps
 YN2 Raymond O. Herring, Jr. - U.S. Navy
 SP4 Calvin Forte, Jr. - U.S. Army
 SP4 Paul Graham, Jr. - U.S. Army
 A1C Bruce E. Junkins - U.S. Air Force
 SR Michael R. Heaton - U.S. Navy
 FR Philip McDonnell - U.S. Navy
 SR Pinkney L. Preston - U.S. Navy
 SR. Richard Sloane - U.S. Navy

CO hosted a Christmas party at his on base quarters for NSF Beaufort personnel.

10 Army vs. Navy football game at NSF Beaufort. Winn Army Community Hospital vs. NMRTC/NH Beaufort. Navy was victorious with the score 32 -6. This was the third meeting of the two teams, and the third win for Navy. The coach for the Navy team was HMC Dave Livings.

- 13 LCDR Debbie Ball was recognized as the Navy Medicine Medical Logistics Senior Officer of the Year for FY2022.

LTJG Anquanette Sterling was recognized as the Navy Medicine Health Care Information Systems Officer of the Year for FY2022.

- 15 Plumbing concerns caused water intrusion in the Sterile Processing Department. Public Works cleared debris that was causing water to back up, then evaluated the plumbing using a camera prior to the Department being reopened. Surgical cases were cancelled or rescheduled until evaluation and repairs were completed.

DPH CAPT Michael Termini announced that 90% of staff have gotten the influenza vaccine.

- 16 HM1(SW/AW) Isaac Amoah, assigned to the Laboratory Department, was commissioned a LTJG, MSC, USN. His next assignment is to serve as the Administration Officer for the Navy Trauma Training Center at Penn Presbyterian Medical Center Trauma Division in Philadelphia, PA. He was selected for this duty under the Medical Service Corps In-Service Procurement Program.

CO hosted a Wardroom and CPO Mess Christmas party at his on base quarters.

- 21 Naval Security Force ATTT executed unauthorized entry, high risk traffic stop, and detainee transport drills.
- 24 Freezing temperatures caused broken pipes in the air handlers above the Multiservice Ward on the 5th deck (M5), resulting in water intrusion in M5 and Patient Administration on the 3rd deck.. Public Works personnel detected and fixed the issues. The duty crew, Public Works, M5 staff, and other command leaders who came in to assist dewatered and cleaned up the affected areas. Impacts: No new inpatient admissions due to the degraded material condition of M5, and the water wetted the bottom section of several patient records awaiting archival in Patient Administration.
- 31 The CO and CMC arranged a New Year's Eve fireworks display in support of command morale. The fireworks were launched from the walking path next to the Beaufort River, just

south of the inlet east of the flagpole. The event was not open to the public. On-base housing residents were invited. Approximately 75 people enjoyed the display.

4. Various Metrics and Historical Snapshots

Command Logos. Below are the official command logos that were in use during 2022.

Command Motto. The command motto has been "Always Caring" since approximately 2010. In the latter months of 2022, the CO, XO, and CMC (the Triad) sought recommendations from staff for a new motto. A new motto had not yet been adopted at years end.

The Executive Steering Committee (ESC) and the Board of Directors (BOD). The ESC and BOD met weekly on Wednesday mornings throughout 2022, with variations due to holidays or special events.

Traffic Court. Held monthly in the Command Conference Room. Personnel who had received traffic tickets from NSF Beaufort Security patrols had their cases adjudicated by the Command Master Chief.

Retention/Reenlistment/Advancement. There were 50 reenlistments at the Command in 2022. 51 personnel were advanced to E4, 19 to E5, and 7 to E6.

Safety. There were 13 mishaps at the command in 2022.

- 8 Needlesticks or bloodborne pathogen exposures
- 3 Motor vehicle accidents
- 1 Slip/trip/fall
- 1 Miscellaneous

Military Justice. The Command Legal Clerk reported eleven cases took place in 2022. UCMJ violations charged included: two article 86 (Absence without leave); four article 92 (Failure to obey order or regulation); two article 107 (False official statements; false swearing); four article 112A (Wrongful use, possession, etc., of controlled substances); one article 128 (Assault), and one article 134 (General article). Five cases were adjudicated by the CO at Non-Judicial Punishment (NJP), and six cases were resolved at levels lower than NJP (at a Disciplinary Review Board or an Executive Officer Inquiry).

Arrivals and Departures. The check-in process for newly arrived personnel (active duty, civilians, and contractors) included visiting the Emergency Management Department to enroll in the mass notification system, and the check-out process included a similar visit to be removed from the system. EM logs for 2022 recorded 243 personnel checked in to the Command, and 252 checked out. Figures for civilians only from the Human Resources Department showed 31 check-ins and 56 check-outs.

Contracting. Command Contracting Officers reported the following contracts were awarded in 2022: Psych Tech (2 FTE), CNA (3 FTE), MRI Tech (2 FTE), XRAY Tech (2FTE). Contracts terminated were: General Surgeon (1 FTE), MRI Tech (2 FTE)

Honor Guard. The Command Honor Guard was made up of 22 Sailors who worked at NH/NMRTC Beaufort, NMRTU Parris Island, and the Medical Clinic on MCAS Beaufort. In 2022, they supported 144 Military Honors requests from CNRSE, including funeral honors located at the Beaufort National Cemetery and other locations as far away as Statesboro, GA. Other events supported include: 1 Change of Command ceremony, 3 retirement ceremonies, 1 CPO pinning ceremony, and a Missing in America Project joint detail with Army, Marine, Navy, and Air Force members solemnly laying to rest the unclaimed cremains of 9 service members at the Beaufort National Cemetery. They also supported the Command's Corpsman Ball, an Army vs Navy football game at NSF/NH/NMRTC Beaufort, and a Charlotte Football Club Major League Soccer game in Charlotte, NC.

Pharmacy. The NMRTC Pharmacy began operations with a new dispensing system in 2022. Pharmacy served thousands of beneficiaries, including over 20,000 recruits at MCRD Parris Island. With over 200,000 prescriptions filled, the Pharmacy team distributed pharmaceuticals worth over \$11 million dollars.

Personnel Awards

Senior Sailor of the Year: HM1 Tyler Goodrich
Sailor of the Year: HM2 Amberjo Eaton

Junior Sailor of the Year: HM3 Taisha Lara
 Blue Jacket of the Year: HN Teodore Vlad
 Senior Civilian of the Year: Kelly Hibbs
 Junior Civilian of the Year: Kristopher Legge
 Contractor of the Year: Audra Re

Sailor in the Spotlight. The Command Sailor in the Spotlight program recognizes Sailors who stand out from their peers. Approximately one or two Sailors are selected per week. They are featured in a Facebook post with a photo and a brief interview. Those recognized are also invited to attend breakfast at the MCRD Parris Island Headquarters and Service Battalion chow hall with the CO, XO, and CMC, as well as their Director, Directorate Senior Enlisted Leader, and Directorate Leading Petty Officer. Selectees come from NMRTC Beaufort, NMRTU Parris Island, NSF Beaufort, and the Medical Clinic on MCAS Beaufort. 2022 honorees included:

CAPT RAYMOND R. BATZ, MC, USN
Commanding Officer

A native of Fairbanks, Alaska, CAPT Batz received his bachelor's degree from Grove City College in Pennsylvania and was commissioned as a Medical Corps Officer upon graduation from Kirksville College of Osteopathic Medicine in 1996.

CAPT Batz has deployed as the senior physician as a General Medical Officer onboard USS SUPPLY (AOE-6), as a Family Physician with Joint Special Operations Task Force - Philippines, and as an Aerospace Medicine Specialist onboard USS KITTYHAWK (CV-63), Commander Task Force - 70. He has also served with distinction with organic assignments within the U.S. Marine Corps for a total of five years, in support of NASA, and Joint Task Force - Guantanamo Bay. He has been designated as Surface Warfare Medical Department Officer, Fleet Marine Force Qualified Officer, and Naval Flight Surgeon.

CAPT Batz past Medical Treatment Facility assignments have been to U.S. Naval Hospital Okinawa as Department Head, Evans Branch Medical Clinic (2001-2004). Later, at U.S. Naval Hospital Rota, Spain, as the Director of Public Health (2008-2011). Prior to recent experience as the Deputy Commanding Officer, Tripler Army Medical Center (2018-2020), where he helped to navigate the Hawaii Multiservice Market through DHA transformation, he served as the Director, Branch Clinics and Chief Medical Officer for Naval Hospital Camp Lejeune (2014-2016), and the Force Surgeon, III Marine Expeditionary Force (2016-2018).

CAPT Batz is a graduate of the Uniformed Services University of the Health Sciences, Masters of Public Health in 2005 and the Marine Corps Command and Staff College in 2016. He is tenaciously vigilant in the pursuit of High Reliability and looks to improve relationships in support of the Military Health System and Joint Force Readiness wherever possible. He most enjoys family time with his best friend (Krista - Dental Hygienist), and two honorable young men that he is proud to call his sons (Jackson - 20 and Carter - 19).

CAPT VICTOR M. DIAZ, NC, USN
Executive Officer

A native of New York, New York, CAPT Victor M. Diaz enlisted in the Navy in 1991 under the Broadened Opportunity for Officer Selection and Training (BOOST) program. Following recruit training and completion of BOOST, he attended Jacksonville University on a Naval Reserve Officer Training Corps (NROTC) scholarship and received his bachelor's degree in nursing and commission in 1996.

He began his career as a staff nurse on the Cardiothoracic and Telemetry unit at Naval Medical Center San Diego, California and departed in 1999, for his first overseas tour in Guam as a critical care nurse.

In 2001, Diaz was competitively selected for the Navy Nurse Corps Anesthesia Program (NNCAP) and attended the Uniformed Services University in Bethesda, Maryland. He earned a master's degree in 2003 and reported to Naval Medical Center Portsmouth, VA for his utilization tour as a nurse anesthetist (CRNA).

Operationally, he has deployed as a CRNA with the 2nd MLG, Surgical Shock Trauma Platoon in support of Operation Iraqi Freedom (OIF-II). He served as the sole anesthesia provider on Fleet Surgical Team Six and completed deployments aboard the USS Bataan (LHD 5) and USS Nassau (LHA 4). Diaz has also served on humanitarian missions to Latin America aboard the USNS Comfort (T-AH 20).

Diaz has served in a variety of leadership positions to include division officer, chief nurse anesthetist and department head at both small and large, continental and overseas military treatment facilities. Prior to assuming his current duties as executive officer in June 2020, CAPT Diaz served as the director for surgical services at U.S. Naval Hospital Okinawa, where he oversaw the safe delivery of surgical care in support of the Navy Medicine's largest, forward deployed hospital.

His personal military awards include the Meritorious Service Medal, Navy Commendation Medal (4 awards), the Navy and Marine Corps Achievement Medal (4 awards) and various campaign and unit ribbons. He has also earned the Surface Warfare Medical Department Officer and Fleet Marine Force Qualified Officer designations.

HMCN(FMF/SW/AW/CAC/IW) FRANK D. GARZA
Command Master Chief

Master Chief Hospital Corpsman Frank Garza was born on January 22, 1982 in San Antonio, TX, graduated from John F. Kennedy H.S. class of 2000, and enlisted in the U.S. Navy, August 2001.

Upon completion of basic military training at Recruit Training Command, Great Lakes, IL and graduating Hospital Corpsman "A" School, January 2002, he proceeded to Field Medical Service School, Camp Johnson, NC, graduating in of May 2002.

He has served in a myriad of operational sea duty assignments including 1st Marine Division, 2nd Marine Airwing, 2nd Marine Expeditionary Force, Marine Aircraft Group 26, International Security Assistance Force-Nuristan Provincial Reconstruction Team and his recent tour as the Medical Departmental Leading Chief Petty Officer onboard USS Harry S. Truman (CVN 75).

His previous shore tours include, Naval Hospital Great Lakes, IL, Naval Station Great Lakes Hospital Corpsman "A" School Instructor, Naval Hospital Camp Pendleton, CA, Senior Enlisted Leader for Director, Branch Clinics, Marine Corps Recruit Depot Parris Island, SC, and his current shore tour at Navy Medicine Readiness and Training Command Beaufort as the Command Master Chief.

He completed four combat tours in Iraq and Afghanistan in support of Operation Iraqi Freedom (OIF), Operation Enduring Freedom (OEF) and two shipboard tours during OEF and Operation Inherent Resolve (OIR). His combat tours include, II MEF CASEVAC Team, Medium Lift Helicopter Squadron Purple Foxes (HMM 364), Marine Wing Support Squadron (MWSS 271) Immediate Response Platoon and Provincial Reconstruction Team-Nuristan assigned to 10th Mountain Infantry Division, 11th Armored Cavalry Regiment and 405th Civil Affairs Battalion. His shipboard tours include a WESTPAC with the 15th Marine Expeditionary Unit, Battalion Landing Team 3rd BN, 5th Marines, assigned to the USS Green Bay (LPD 20) and USS Harry S. Truman (CVN 75), Carrier Strike Group EIGHT operating in the Mediterranean and High North Atlantic participating in Trident Juncture, Baltic Ops and Exercise Lightning Handshake.

HMCN Garza and his wife, Valerie, have been married for 19 years and have an 18 year old daughter named Kayla Marie.

HMCN Garza holds a Bachelor's Degree in Clinical Management and Leadership from The George Washington University, is a graduate of the Command Master Chief/Chief of the Boat Course (Class 224/21050) and the U.S. Navy Senior Enlisted Academy (Class 192/Gold). HMCN Garza has earned the warfare designations, Enlisted Fleet Marine Force Warfare Specialist, Enlisted Surface Warfare Specialist, Enlisted Aviation Warfare Specialist, Enlisted Information Warfare Specialist, Marine Combat Aircrew, U.S. Army Basic Aviation Badge and U.S. Army Combat Medical Badge. His awards include, Air Medal w/2 Strike/Flights, Navy & Marine Corps Commendation Medal (x5), Army Commendation Medal (x2) one w/Combat "Valor", Navy & Marine Corps Achievement Medal (x3), Combat Action Ribbon (x2), and various other campaign and unit awards.

CAPT CHAD E. ROE, MSC, USN
Commanding Officer
Navy Medicine Readiness and Training Command Beaufort, SC
Naval Support Facility Beaufort, SC
Director
Naval Hospital Beaufort, SC
Charleston Small Market

CAPT Roe, a native of Anderson, IN, earned an undergraduate degree in health care administration from Indiana University in Bloomington, Indiana and a Master of Business Administration from Ball State University in Muncie, IN. After completing his studies, he pursued his employment in the private sector until joining the Navy in 1996.

CAPT Roe was commissioned as an ENS in the Medical Service Corps in March 1996. After completing Officer Indoctrination School in Newport, RI, he served as the division officer in the managed care department and then as the head of the operations management department at Naval Hospital Corpus Christi, TX from 1996 to 1999.

After his initial hospital tour ended, CAPT Roe was selected for DUINS and begun full-time study at the Naval Postgraduate School in Monterey, CA, where he was awarded a Master of Science in Manpower Systems Analysis. His thesis was selected for presentation to the Chief of Naval Personnel at the Naval Annex in Washington D. C. in March 2001.

In 2001, CAPT Roe was assigned to the Bureau of Medicine and Surgery as the Medical Service Corps personnel planner. In 2004, he transferred to Naval Hospital, Jacksonville, FL where he became the Department Head for the Human Resources Department.

From 2006 to 2009, he served as the Officer Community Manager for the Medical Corps, Bureau of Personnel in Millington, TN. In 2009 to 2012, CAPT Roe served as the Director for Administration at Naval Hospital, Yokosuka, Japan. Upon returning from overseas, CAPT Roe served as the Officer in Charge of Naval Branch Health Clinic Kings Bay, GA from 2012 to 2015. From 2015 to 2018, CAPT Roe served as the Officer in Charge on Submarine Base New London at Naval Branch Health Clinic Groton, CT.

In 2018 CAPT Chad Roe served as Director of Platform Support, Navy Medicine Readiness & Training Command Jacksonville and was assigned as the Executive Officer of the Expeditionary Medical Facility-Mike where in March 2020, he deployed supporting Coronavirus Disease 2019 response. He served as the Executive Officer of Navy Medicine Readiness and Training Command Charleston from 2020 to 2022.

CAPT Roe is a member in the American College of Healthcare Executives. From 2003 to 2007, he served in several positions for the Lewis E. Angelo Professional Symposium. Additionally, CAPT Roe served as the Medical Service Corps Specialty Leader for General Health Care Administrators from 2016 to 2020.

His personal awards include the Meritorious Service Medal (6), Joint Service Commendation Medal, Navy and Marine Corps Commendation Medals (3), a Navy and Marine Corps Achievement Medal and various campaign, service, and unit awards.

CAPT LANNY F. LITTLEJOHN, MC, USN

Executive Officer

Navy Medicine Readiness and Training Command Beaufort, SC

Naval Support Facility Beaufort, SC

CAPT Lanny F. Littlejohn was born in Spartanburg, SC and began his military career by enlisting in the United States Marine Corps as a Landing Support Specialist (0481). He graduated from The Citadel in 1994 with a Bachelors of Science in Biology and earned his medical degree from the University of South Carolina School of Medicine, graduating cum laude and being inducted into the Alpha Omega Alpha honor medical society in 1999.

After an internship, in General Surgery at Naval Medical Center San Diego, he was assigned as a Flight Surgeon with VMAQ-4, at MCAS, Cherry Point, NC. It was there that he completed the DoD Manned Space Flight Support Program, covering multiple Space Shuttle landings prior to deploying in support of Operation Southern Watch, Saudi Arabia in 2001. His next operational assignment was as an Undersea Medical Officer with EODMU2, NAB, Little Creek, VA.

CAPT Littlejohn completed his residency in Emergency Medicine in 2009 at Naval Medical Center Portsmouth and deployed to Helmand Province, Afghanistan in 2010. There he served as a Shock Trauma Platoon and Tactical Trauma Team OIC utilizing the novel Mobile Trauma Bay for far-forward Damage Control Resuscitation in support of USMC operations.

From 2009 to 2014, he served as a staff Emergency Physician at NMCP and the director of the Combat Trauma Research Group. He also served in direct combat medical support for USSOCOM, deploying an additional five times to AFRICOM and CENTCOM.

In 2014, Littlejohn served as the Department Head of Emergency Medicine at Naval Hospital Camp Lejeune. In 2016, he attend the US Naval War College earning an MA in National Defense and Strategic Studies with a minor in Low Intensity Conflict. He served a follow on tour as the Command Surgeon of Naval Special Warfare Development Group where he earned designation as a Level III Joint Qualified Officer. He then served as the Force Surgeon for Naval Special Warfare Command in Coronado, CA while completing an MBA from the Naval Postgraduate School. He is currently the Executive Officer for Navy Medicine Readiness and Training Command and Naval Support Facility Beaufort, SC.

CAPT Littlejohn is an Assistant Professor of Military and Emergency Medicine at the Uniformed Services University, Fellow of the American College of Emergency Physicians, and a Certified Physician Executive. He has authored two textbook chapters, published over 20 papers in the peer-reviewed medical literature, and is currently a member of the Committee on Tactical Combat Casualty Care and Chair of the Technology Subcommittee.

CAPT Littlejohn's personal decorations include the Legion of Merit, Bronze Star Medal, Defense Meritorious Service Medal, Meritorious Service Medal, Joint Service Commendation Medal (2), Navy and Marine Corps Commendation Medal (3), and various other campaign and personal awards.

LCDR TEMITOPE O. AYENI, MSC, USN
Executive Officer
Naval Support Facility Beaufort, SC
Director for Administration
Navy Medicine Readiness and Training Command Beaufort, SC

LCDR Ayeni is a native of Lagos, Nigeria. He enlisted in the United States Navy in June 1999 as an undesignated Seaman Recruit and excelled through the ranks to Chief Petty Officer in 2008. His enlisted duty assignments were USS Detroit (AOE-4); 3rd Battalion 8th Marines, Division Surgeon's Office, 2D Marine Division, Camp Lejeune, NC; Field Medical Training Battalion-East; Tactical Training and Exercise Group, Marine Corps Air Ground Task Force Command, Marine Corps Air Ground Combat Center, Twentynine Palms, CA, and Marine Corps Security Force Regiment, Norfolk, VA.

While enlisted, he attended college independently and earned his Bachelor's and Masters of Science degrees in Healthcare Management and International Health. In April 2010, he commissioned as a Lieutenant Junior Grade in the Medical Service Corps. Upon completion of Officer Development School, he reported to U.S. Naval Hospital Okinawa, Japan in June 2010. During this tour he served as the Assistant Department Head for Materials Management; Fiscal Officer; Director, Resource Management and Comptroller, U.S. Naval Hospital Yokosuka, Japan and Transition Team Leader of the landmark hospital relocation from Camp Lester to Camp Foster, Okinawa, Japan.

In June 2013, Lieutenant Commander Ayeni reported to the Naval Postgraduate School and graduated in December 2014 with a Masters of Business Administration with an emphasis in Material Logistics Support. In March 2015, he reported to Naval Hospital Twentynine Palms, CA, the Medical Mecca of the Mojave, as Department Head for Materiel Management. In September 2015, he deployed to the NATO Role 3 Multinational Medical Unit in Kandahar, Afghanistan as the Logistics and Operations Officer, and returned in May 2016 to complete his Department Head tour.

In February 2018, he reported to the Bureau of Medicine and Surgery, Falls Church, VA where he served as Deputy Director for Medical Logistics Policy. In November 2018, he was appointed by the Chief, Bureau of Medicine and Surgery to serve as Assistant Specialty Leader for Medical Logistics.

In June 2020, he reported to the Office of the Chief of Naval Operations to serve as the Executive Assistant and Flag Aide to the Director, Medical Systems Integration and Combat Survivability (OPNAV N44) and Chief, U.S. Navy Dental Corps. He reported to Navy Medicine Readiness Training Center, Beaufort, SC in July 2022 where he serves as the Director for Administration with additional duties as Executive Officer, Naval Support Facility, Beaufort.

Lieutenant Commander Ayeni is a Fellow of the American College of Healthcare Executives and past President, Healthcare Executives of Okinawa. He is a Certified Defense Financial Manager with Acquisition and a Master Training Specialist. He is a graduate of the U.S. Naval War College Command and Staff Program, Uniform Services University of Health Sciences Global Health and Global Health Engagement Course and Financial and Material Management Training Course.

He is a recipient of the ACHE Military Excellence in Healthcare Management Award, Regent At Large Award for Individual Accomplishment in Diversity, Charles R. Loar Literary Award for excellence in professional and technical writing, BUMED Logistics Award for Military Operational Medical Logistician of the Year, and the Lt. Thomas Eadie Award for Military and Academic Excellence.

His awards include the Navy Unit Commendation, Meritorious Unit Commendation (two awards), the Navy "E" Ribbon, Meritorious Service Medal, Navy Commendation Medal (six awards) and Navy Achievement Medal (five awards).

HMCN(SS/FMF) JOSEPH D. MATTHEWS III

Command Master Chief

**Navy Medicine Readiness and Training Command Beaufort, SC
Naval Support Facility Beaufort, SC**

Master Chief Petty Officer Joseph D. Matthews (David) was born in Sanford NC. At the age of 19, he decided to pursue a career in the United States Navy. On 16 February 1995 he left for boot camp in Great Lakes, IL. Following boot camp, he attended Basic Enlisted Submarine School (BESS) in Groton, CT.

After completing BESS, Matthews reported for his first sea duty assignment on board the fast attack submarine USS TAUTOG (SSN 639) in Pearl Harbor, HI as an undesignated seaman. He earned his Enlisted Submarine Warfare Qualification, completed an EASTPAC and WESTPAC deployment, and struck for the HM rating.

In 1997, Matthews transferred to HM "A" school in Great Lakes. Upon completion of "A" school he received follow on orders to Field Medical Service School in Camp Pendleton, CA and reported for his first corpsman assignment with the Third Battalion, Third Marines in Kaneohe Bay, HI.

At 3/3 Matthews served as a field corpsman with Weapons Platoon in Kilo Company, and completed a unit deployment to Okinawa, Japan. He earned his Fleet Marine Force designator and was promoted to HM3. In December 1997 Matthews was selected to attend Biomedical Photography "C" school in Bethesda, MD with follow-on orders to Naval Hospital Guam. In Guam, he advanced to HM2 and was the Sailor of the Year for 2001.

Matthews transferred to Naval Medical Center Portsmouth, VA, and shortly after applied for Sub IDC "C" school. In March 2003 he reported for training at Naval Undersea Medical Institute in Groton, CT. Upon graduation and being meritoriously advanced to HM1, he reported to USS SANTA FE (SSN 763) in Pearl Harbor, HI. While on board, he completed an EASTPAC and WESTPAC deployment and change of homeport to Portsmouth, NH.

In September 2007, Matthews was selected for CPO and transferred to COMSUBPAC in Pearl Harbor. While at COMSUBPAC, he completed his bachelor's degree in Health Sciences.

In December 2010, Matthews reported to USS TEXAS (SSN 775) in Pearl Harbor. In June 2011 he was selected for advancement to HMCS and completed the inaugural WESTPAC onboard the mighty USS TEXAS (SSN 775). In March 2014, Matthews reported to Naval Submarine Support Center Kings Bay, GA. Two months later he was selected for HMCN.

In September 2016, Matthews reported to the Medical Education & Training Campus as the SEA for ALL initial medical training which he oversaw the execution of 49 medical programs within a Joint Service platform for Army, Navy and Air Force enlisted men and women.

In June 2019, Matthews reported to COMSUBPAC as the Force IDC, which he implemented and enforced TYCOM standards for 39 operational Submarine commands and two surface ships providing medical care to over 8,500 Sailors.

HMCN Matthews is entitled to wear the Silver Dolphins of an Enlisted Submarine Specialist and carries the Fleet Marine Force warfare designator. His personal awards include the Defense Meritorious Service Medal, Meritorious Service Medal, Navy Commendation Medal (5), Joint Service Achievement Medal, Navy Achievement Medal (7) and various unit and service awards.
